Welcome

WHO WE ARE

We are pleased to be members of the H&B group of independent merchants. This means we are part of a group with over 300 branches nationwide made up of over 100 members.

Being part of this group allows us to work together to develop exclusive deals and initiatives for our customers.

Through operating in partnership with our suppliers and customers we listen to you and try to bring a range of products to the market that suit your needs.

OUR PRODUCT RANGE

Dena is a landscaping brand that the H&B group have been working on for our customers to bring quality products at competitive prices.

It started in 2024 with a compact range of Porcelain and Sandstone and we have expanded this in 2025 to include Artificial Grass and Composite Decking, Fencing and Cladding.

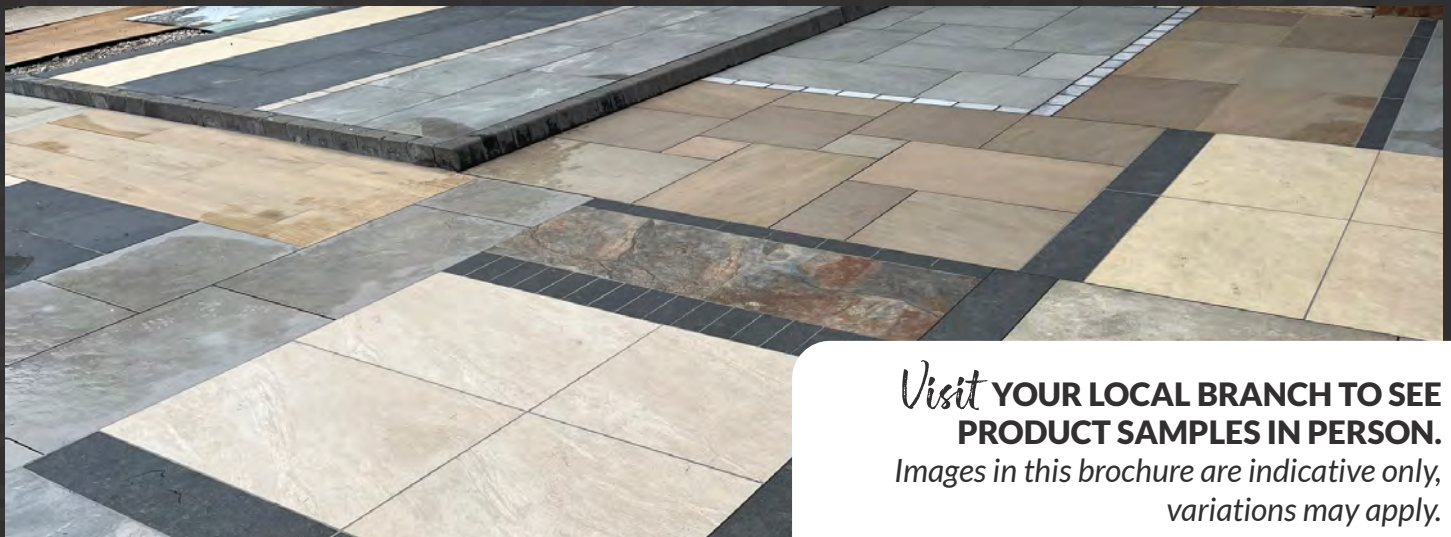

We will be working with our members and customers to develop our range further in the future with innovative products and complimentary products to help people to create beautiful living spaces in their gardens.

ETHICAL & SOCIAL RESPONSIBILITY

We work hard when sourcing our landscaping product to ensure that we uphold the highest standards in both Ethical sourcing and social responsibility.

The factories that are producing DenaStone have been visited by our representatives; suppliers undertake rigours audits to achieve recognised standards.

We carry out audits with our Dena suppliers and in recent months this has been added to by H&B's UK based auditors working with our full supplier base including suppliers of all of the Dena range.

Top Tips

- Allow for cuts - an **additional 10%** increase on quantity required is an industry norm!
- **Batch match** the product if using multiple pallets and mix the paving between pallets prior to laying
- When it comes to dimensions, there are minor variations and **standard tolerances** apply to this product
- A **priming slurry** can be used for an increased bond during installation
- **Grout** is a great jointing material for porcelain but there are other options to consider too!

Don't Forget...

- ☐ Type 1 MOT
- ☐ Granite 6mm
- ☐ Joint Tape
- ☐ Joint Adhesive
- ☐ Kiln Dry Sand
- ☐ Edging
- ☐ Weed Membrane

DENAGRASS

Maximise your garden space with this functional and highly practical range of quality artificial grass. DenaGrass is made using realistic colour tones to mimic real turf, with minimal upkeep, so your lawn can be enjoyed year-round.

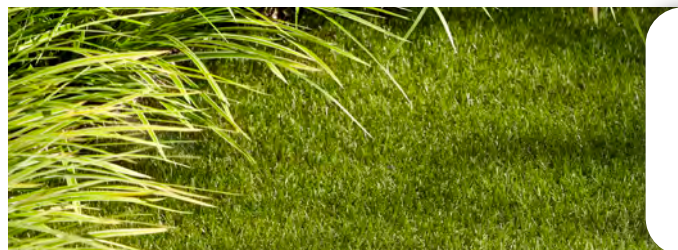

DENA CHOICE 28MM

- ✓ Functional choice
- ✓ Natural green tones
- ✓ Designed for low to medium use gardens
- ✓ Fast delivery direct to site or branch
- ✓ Available in **2m and 4m width**
- ✓ 5 year warranty

DENA LUXURY 35MM

- ✓ Soft touch
- ✓ Natural appearance
- ✓ Lush emerald tones
- ✓ Fast delivery direct to site or branch
- ✓ Available in **2m and 4m width**
- ✓ 7 year warranty

Top Tips

- ➔ Lay the grass **facing toward** the house (on back gardens) for the best finish
- ➔ **Batch match** the product if using multiple rolls

Don't Forget...

- ☐ Recycled Plastic Joists
- ☐ Weed Membrane
- ☐ Tape for Wooden Joists
- ☐ Measure & Mark Tools
- ☐ Circular Saw & Blades
- ☐ Hammer & Drill
- ☐ Garden Furniture
